

# PHOTO BOOKS

**PLEASE NOTE:**

When designing your Photo Book, please be sure all important content is located within the safe zone!

**BLEED:**

The area of a Print or product that will be trimmed off, to account for a small amount of movement during the finishing process.

**TRIM:**

The line along which the final product will be cut.

**SAFE ZONE:**

The area inside of which all important content must be located. Any content within this space will be printed, and anything outside of it may be trimmed off.
